

The 2004-05 Budget is dedicated to Dan Gee, Senior Accounting Manager. During his 33 years of service to the County of Sacramento, the last 31 years were devoted to the County Executive Office. Dan consistently demonstrated his loyalty, professionalism, and commitment to excellence. His expertise in the areas of governmental accounting and his understanding of the complex budgeting process resulted in the creation of accurate and informative budget documents and he set the standard for the current budget document.
