**PROGRAM DESCRIPTION:**

- This budget unit provides for the appropriations for the annual lease payments and the Debt Service Reserve Fund for the unrefunded portion (Carol Miller Justice Center facility) of the County of Sacramento 1997 Certificates of Participation (COPs) Public Building Facilities Project.
- On December 10, 1996, the Board of Supervisors approved a financing plan for the 1997 COPs Public Building Facilities Projects, which included the following projects:
  - Construction of the 448-bed dormitory-style jail at the Rio Cosumnes Correctional Center.
  - Purchase of the Bank of America building and associated tenant improvements.
  - Refunding of the 1988 CSAC II and 1990 Public Facilities Project COPs (Carol Miller Justice Center facility).
- The financing (\$58,020,000) was executed and closed on January 28, 1997. At the time of sale, \$5,214,116 was deposited as a reserve with Debt Service Fund. The terms of the agreement authorizing the sale of securities require that this reserve be retained to be used as the final annual lease payment. The debt service payments began on August 1, 1997.

**PROGRAM DESCRIPTION (CONT.):**

- On March 7, 2006, the Board approved the 2006 COPs (Public Facilities Projects) financing to partially refund and defease approximately \$15,000,000 of the 1997 Public Facilities COPs in order to release the Bank of America Facility as security for those bonds. Since the Carol Miller Justice Center facility portion of the 1997 COPs was already refunded, it could not be part of the 2006 COP transaction.

## PROGRAM DESCRIPTION:

- This budget unit reflects the debt service requirement for payment of principal, interest, and various other costs related to the 1997 Public Facilities Project Certificates of Participation for the construction of the Coroner/Crime Lab and Data Center (the 1994 Certificates).
- On December 2, 1997, the Board of Supervisors approved the refinancing of the County of Sacramento 1997 Public Facilities Project Certificates of Participation (Coroner/Crime Lab and Data Center). The refunding (\$88,360,000) was executed and closed on January 1, 1998.
- The refunding issue was structured as a crossover refunding which reduced the annual debt service payment by \$575,000 annually. With this structure, the 1997 Refunding Certificates of Participation remained self-supporting to the call date of the 1994 Certificates (October 1, 2004). Through October 1, 2004, the County continued to pay debt service on the outstanding 1994 Certificates.
- On October 1, 2004, (the "crossover" date), the escrow supporting the refunding bonds was released and the proceeds were used to redeem the outstanding 1994 Certificates. After October 1, 2004, the 1994 Certificates were no longer outstanding, and the County began paying debt service on the Refunding Certificates.

**PROGRAM DESCRIPTION:**

- This budget unit provides for the appropriations for the annual debt service and related financial services costs, including costs of issuance, for the County of Sacramento Taxable Pension Funding Bonds Series 2004 approved by the Board of Supervisors on June 15, 2004, by Resolution Number 2004-0784. The bonds were sold in June 2004 and closed in July 2004. The proceeds from the bond issue were utilized to pay a portion of the estimated Unfunded Accrued Actuarial Liability (UAAL) as of July 1, 2004, owed by the County to the Sacramento County Employees' Retirement System (SCERS) as of July 1, 2004. The UAAL was incurred as a result of labor agreements which provided for enhanced retirement benefits for County employees and negative investment returns by the system during Fiscal Year 2002-03. The bonds were issued as Convertible Auction Rate Securities (CARS), Series 2004C-1 (\$324,582,426.50), 2004C-2 (\$39,147,165.75) and 2004C-3 (\$62,401,528). CARS were a structure that combined the debt service deferral feature of Capital Appreciation Bonds (CABS) with Auction Rate Securities. The CARS paid no debt service until 2006, when they incrementally converted to conventional Auction Rate Securities. At each conversion date (July 10, 2006, 2009 and 2014) the County has the ability to call and pay down any amount of the CARS. The County also has the ability to direct the remarketing agents to sell the converted CARS in any one of several interest rate modes.

**PROGRAM DESCRIPTION(CONT.):**

- In March 2008, the 2004 C-1 Series was refunded as Floating Rate Notes, and are no longer structured as Auction Rate Securities. The new structure brings a level of certainty to interest payments for these Bonds that is no longer available in the Auction Rate Securities market.
- In June 2009, the 2004C-2 Series was refunded as Floating Rate Notes, purchased by Bank of America as a private placement bond, and are no longer structured as Auction Rate Securities. In October 2011, these 2009 Floating Rate Notes held by Bank of America were refunded to fixed interest rate mode as the 2011B Series, and the related swap agreement was terminated.
- Due to Auction Rate Securities no longer a market product in demand, the 2004C-3 Series was refunded to fixed interest rate mode as the 2013 Series, in advance of their July 10, 2014, scheduled conversion to Auction Rate Securities. There was no swap agreement to these bonds.

**PROGRAM DESCRIPTION:**

- The Sacramento County Department of Airports (Department) is responsible for planning, developing, operating and maintaining four public use airport facilities in Sacramento County (the Sacramento County Airport System, or Airport System). The Airport System is comprised of Sacramento International Airport (a commercial air carrier facility), Mather Airport (a cargo and general aviation facility), Executive Airport (a general aviation facility) and Franklin Field (a general aviation facility). The Airport System also operates and maintains the McClellan Airport airfield under a contract with the Economic Development Division of the Department of Community Planning and Development. Operated as an Enterprise Fund, the Airport System is financially self-supporting, with expenses paid for by revenue generated from businesses and individuals who use the airports.
- The Airport System primarily serves the Sacramento region, a six-county area consisting of Sacramento, El Dorado, Yuba, Sutter, Placer and Yolo counties, as well as a large secondary surrounding area. In addition to promoting the safe and efficient use of air transportation facilities, the Department is responsible for managing the environmental impacts within the Sacramento region associated with the operation and development of the Airport System facilities.

**PROGRAM DESCRIPTION:**

This Budget Unit provides funding for capital maintenance and related costs at Sacramento County owned Sacramento Public Library Authority branches.

- The Sacramento Public Library Authority (SPLA) provides all public library services in Sacramento County, except the City of Folsom. The County and City of Sacramento established the SPLA as a Joint Powers Authority (JPA) in 1993. The governing board is a 15 member body consisting of five members of the County Board of Supervisors, five members of the Sacramento City Council, two members from Elk Grove, one member each representing the cities of Citrus Heights and Rancho Cordova, with the remaining member shared by the cities of Galt and Isleton. SPLA funding is provided primarily by a dedicated property tax source and other revenue sources received directly by the SPLA.

**PROGRAM DESCRIPTION (CONT.):**

- This County Library Budget provides funding for capital maintenance, capital repairs, preventative maintenance, property insurance and related costs at the nine SPLA branches owned by the County of Sacramento. (These costs at the other 19 SPLA branches are supported by separate SPLA funding sources.)
- SPLA provides public library services to all citizens of the County. A broad range of services includes: books, ebooks, DVDs, reference and information services, inter-branch and inter-library loans, early literacy and adult literacy programs and services, and special programming for children, teens, and adults. All library branches provide public access to computers and the Internet, including wireless Internet service. Materials in the collection are available in a number of languages and in several different media such as print and electronic. Eighteen locations provide community rooms for use by non-profit groups. The catalog is available 24 hours a day via the Internet at [www.saclibrary.org](http://www.saclibrary.org). Reservation and renewal of materials, and sign ups for programs and community rooms can be done on-line.
- As a benefit to SPLA and the community, the Sacramento Public Library Foundation and the Friends of the Sacramento Public Library provide additional funding for various pre-approved programs, projects and materials.
- Under terms of the JPA, funding for construction and maintenance of the county facilities is the responsibility of the County of Sacramento. Capital funding collected through developer fees are accumulated in separate county funds and are only available for construction and renovation of Library facilities and cannot be used for operations.

*Program Description:* The Sacramento Public Library Authority (SPLA) provides public library services to all citizens of the County. This Program, the County Library Budget Unit, provides funding for capital maintenance, capital repairs, preventative maintenance, property insurance, and related costs at the nine SPLA branches owned by the County of Sacramento. (These costs at the other nineteen SPLA branches are supported by separate SPLA funding sources.) All community members and many community groups rely on SPLA Library resources. Students from grade school to college use library resources for research, homework, and a quiet place to study. Teens and children use the Library as a safe public space for after school time for reading, programs, homework assistance, or being with their friends. Families use the Library’s many programs for reading with their children and promoting literacy. Many people rely on libraries for access to public computers and job search resources, including updating resumes, taking classes to improve computer skills, and applying for jobs online through the Library’s network. Many business people use the Library’s extensive wireless network system to access e-mail and conduct business while away from home.

The debt service on these bonds is paid with a voter-approved annual special tax levy within the District boundaries subject to the maximum authorized tax rates. The entire bond proceeds received are deposited with the Sacramento County Department of Finance and are drawn upon as infrastructure construction progresses.

## PROGRAM DESCRIPTION:

- North Vineyard Station Specific Plan Area (NVSSP) is located in the County of Sacramento, approximately 13 miles southeast of Downtown Sacramento and two miles north of the City of Elk Grove. The NVSSP includes approximately 1,591 acres that are bound by Florin Road on the north, Gerber Road on the south, the extension of Vineyard Road on the east, and Elder Creek (west side, top of channel), which roughly constitutes the western border.
- This program is financed primarily through the collection of development impact fees. A large portion of the facilities in the Capital Improvement Plan are anticipated to be constructed by the development community and credits will be given for the constructed facilities in-lieu of the payment of development impact fees. This and fluctuations in development activity may result in significantly lower revenues and expenditures than appropriated in the annual budget.

## PROGRAM DESCRIPTION:

- Natomas Fire District funds the provision of fire protection services to approximately 40 square miles of the Unincorporated Area in the northwestern portion of Sacramento County. Natomas Fire District is a dependent special district and the Board of Supervisors serves as the Board of Directors for the District.
- Fire protection service is contracted to the Fire Department of the City of Sacramento. The District and the City entered into the contract in Fiscal Year 1984-85. All district assets, including equipment and real property, were turned over to the City. The City absorbed all district employees who did not retire at the time.
- The contract calls for the annual payment of all available financing to the City for the fire protection service, less County administrative expenditures such as biannual audits, property tax administration fees, and administrative service charges.
- District financing consists of property taxes (including the homeowners' subvention), interest earnings, and fund balances.
- The Office of Economic Development and Marketing is responsible for managing the contract with the City, making payments and preparing the district budget.

### PROGRAM DESCRIPTION:

- The major general purpose revenues, such as property taxes, sales tax, property tax in lieu of vehicle license fees, and the utility tax, not linked to a specific program or activity, are accounted for in this budget unit. These revenues, along with General Fund balance and net reserve changes, are the sources of the net general purpose financing allocations to General Fund departments and the Courts.
- The financing sources include both revenues and transfers from other funds, which show in the budget as negative appropriations.

**PROGRAM DESCRIPTION: (CONT.)**

- Property taxes, sales tax, and property tax in lieu of vehicle license fees make up 75 percent of the total general purpose financing for the County.
- The general purpose revenues come from differing geographic areas. The County’s property taxes are derived from the entire county. Sales tax, utility tax, and franchise fees come from the Unincorporated Area only. Vehicle license fees are allocated to the County from a statewide pool on the basis of population and the assessed values of property, not on the basis of fees paid within the County. Property tax in lieu of vehicle license fees is a swap of vehicle license fee revenues for ad valorem property tax revenues.

PROGRAM DESCRIPTION:

- This budget unit provides for the appropriations for the annual debt service and related financial services costs, including costs of issuance, for the County of Sacramento Taxable Pension Funding Bonds Series 1995. The bonds were sold in June 1995 and closed in July 1995. The proceeds from the bond issue were utilized to pay the Unfunded Accrued Actuarial Liability owed by the County to the Sacramento County Employees' Retirement System as of July 5, 1995. Most of the bonds are fixed-interest rate bonds (\$404,060,207.55). Approximately one-quarter of the bonds (\$134,000,000) were variable-interest rate bonds. The variable-rate portions of the bonds were sold with an initial marketing term of three years; therefore, the rate for those bonds was fixed until Fiscal Year 1998-99.
- Debt service on the bonds began on August 15, 1995, and the County is required to deposit the anticipated annual debt service into this fund by July 31 of each fiscal year.
- On March 18, 1997, by Resolution Number 97-0253, the Board of Supervisors approved an amendment to the original Pension Obligation Bond Resolution which provided additional flexibility for the County to execute an interest rate swap. The swap transaction fixed the interest rate on the \$134.0 million variable rate Pension Obligation Bonds for a three-year period beginning July 1, 1998, and ending July 1, 2002 at 6.169 percent, below the first three years' level of 6.195 percent. The swap counterparty has opted to extend the swap through July 1, 2007. The interest swap agreement financing was executed and closed on March 18, 1997.

**PROGRAM DESCRIPTION (CONT.):**

- On June 17, 2003, by Resolution Number 2003-0768, the Board of Supervisors approved the restructuring of the 1995 Pension Obligation Bonds, Series B and C Variable Rate Bonds (\$134,000,000) to provide significant budgetary relief over the next three to seven years during which the County was expecting to experience significant budgetary stress. The restructuring provided near-term budgetary relief in the form of a premium payment from the swap provider (\$8,072,500) but there was an overall net cost to the transaction due to the additional debt service added-on beginning in Fiscal Year 2011-12 and terminating on July 1, 2022. The restructuring swap transaction fixed interest rate is 5.935 percent.
- On October 22, 2008, by Resolution Number 2008-1025, the Board of Supervisors approved terminating the existing swap agreement with Lehman Brothers due to Lehman's bankruptcy filing and subsequent failure to perform under the terms of the agreement. The Board in the same action authorized the County to enter into a replacement swap transaction with Deutsche Bank. The replacement swap transaction fixed rate initially remained unchanged at 5.935 percent, and then changed to 6.04 percent on July 1, 2009.
- In September 2011, the \$134,000,000 variable rate portion of the 1995 Bonds (the Series 1995B and 1995C Bonds) were refunded to a fixed interest rate mode as the 2011A Series, and the related swap agreement with Deutsche Bank was terminated. All of the Pension Obligation Bonds originally issued in 1995 are now in fixed interest rate mode, with no remaining swap agreements.

- The County of Sacramento Taxable Pension Funding Bonds Series 1995 were sold in June 1995 and closed in July 1995. The proceeds from the bond issue were utilized to pay the Unfunded Accrued Actuarial Liability owed by the County to the Sacramento County Employees' Retirement System as of July 5, 1998. Approximately one-quarter of the bonds (\$134,000,000) were issued as variable-interest rate bonds, with an initial marketing term of three years, and converted to a weekly variable rate reset mode in Fiscal Year 1998-99, with a related interest rate swap agreement.
- This budget unit has provided for interest earnings on the Pension Obligation Bond-Debt Service Fund (Budget Unit 9313000). In the Pension Obligation Bond Trust Indenture, the County has covenanted to use the proceeds from interest earnings on the Debt Service Fund to purchase interest rate "cap" contracts on the variable-rate portion of the bonds, to make up the difference between the early set aside of funds in the Debt Service Fund and actual debt service, and/or to mitigate budgetary impact from high variable-rate interest rates by withdrawing funds from this fund and utilizing them for any lawful purpose of the County.
- In September 2011 the Series 1995B&C variable rate bonds were refunded as fixed rate bonds by the 2011A Refunding Bonds, and the related interest rate swap agreement was terminated, and it is no longer necessary to maintain this separate fund, which will be closed in Fiscal Year 2012-13.

**PROGRAM DESCRIPTION:**

- This budget unit comprises the Teeter Plan Debt Service Fund. The Teeter Plan of property tax apportionment (otherwise known as the Alternative Method of Tax Apportionment) was first implemented in Fiscal Year 1993-94 following the Board of Supervisors' formal adoption on June 29, 1993. Under the Teeter Plan, secured property taxes are distributed by the County to local taxing entities on an accrual basis. In addition, when the Teeter Plan was first implemented, local taxing entities received a one-time acceleration of prior years' delinquent secured property taxes from the County. The County is thereafter entitled to retain all penalties and interest charges on the delinquent secured property taxes.

**PROGRAM DESCRIPTION (CONT.):**

- The first financing for the distribution of the "purchase" of the delinquencies in the County's redemption file as of June 30, 1993, was provided through a borrowing arrangement through the Treasurer's Pooled Fund administered by the Treasurer-Tax Collector. The terms of the note were approved by the Board of Supervisors on August 3, 1993. Subsequently, annual purchases of secured property tax delinquencies as of June 30th of each year were financed through the Treasurer's Pooled Fund in August of the same year. Following the purchase of the redemption file, actual collections from delinquent taxpayers are transferred into the debt service fund (when apportioned by the Auditor-Controller) for eventual transfer to the Treasurer's Pooled Fund according to the payment schedule set in each borrowing.
- Interest earned on the debt service reserve will reduce the net borrowing costs owed by the County to the Treasurer's Pooled Fund.
- As actual collections are received from the delinquent taxpayers, the principal amount of the borrowing is reduced, and interest collected from delinquent taxpayers is used to pay interest on each borrowing. Also, the net penalty/interest revenue remaining after debt service interest costs is transferred to the General Fund (Budget Unit 5705701) by the close of the final accounting period each year.
- A separate "Tax Losses Reserve Fund" has been established in the General Fund pursuant to Section 4703 of the Revenue and Taxation Code. That reserve is a statutory prerequisite of the Teeter Plan and has no relationship to the borrowing through the Treasurer's Pooled Fund. In the event that a shortfall exists following the forced sale of a delinquent parcel(s), the Tax Losses Reserve Fund would be utilized to fund the shortfall and provide full apportionment of the taxes due.
