INTRODUCTION

The Assessor, Christina Wynn, is required per state law to appraise all real and personal property in the County, with the exception of utility property, which is appraised by the State Board of Equalization. The Board enacts legislation to serve and protect county residents and establishes general policies for the operation of the County. The Board adopts ordinances, approves contracts, adopts annual budgets, determines land use zoning for the unincorporated area of the County, appoints members to various boards and commissions, and appoints certain county officials including the County Executive.

The District Attorney, Anne Marie Schubert, represents the people of Sacramento County in all criminal actions arising within the County. The District Attorney's ultimate responsibility includes the investigation, gathering of evidence, and preparation of cases with the active coordination of law enforcement agencies in the County. SIGNIFICANT DEVELOPMENTS DURING FY 2017-18:

- The Professional Standards Division realigned Academy and In-Service Training under the umbrella of the Sheriff's Off-Duty Program. This restructuring will result in a decrease of administrative hours and a cost savings of over \$100,000 per year.
- The Professional Standards Division entered into a contract with Net Transcripts for legal transcription for administrative cases. This will result in an annual cost savings of over \$50,000.
- The Field Support Division hired seven Crime and Intelligence Analysts and one Senior Crime and Intelligence Analyst to support the Sheriff's Intelligence Led Policing initiative. Through the work of the analysts, the Sheriff's Department gained access to weekly crime statistics, criminal case support, and implemented monthly COMPSTAT meetings for Field Services Commanders.
- The Jail Based Restoration to Competency Program contract with the state was expanded. This expansion provides housing and treatment for up to 12 female inmates at the Rio Cosumnes Correctional Center (RCCC), expediting the judicial process by reducing delays due to the lack of capacity and resources at state hospitals.
- Cybertips for the Sacramento Valley Hi-Tech Crimes Task Force have steadily increased from 220 in 2009 to 2,141 in 2017.
- The Central Division created three new teams: Mobile Crisis Support Team (CIT), ShotSpotter, and Homeless Outreach Team (HOT). CIT consists of one full-time deputy sheriff, one Mental Health Clinician, and a PEER Navigator from Mental Health. The ShotSpotter and Homeless Outreach Team each consist of four deputies assigned to each team. The ShotSpotter team will focus their attention in the northern section of Central Division and will respond to any ShotSpotter activations in their designated area. The HOT team works with homeless navigators and other county social service entities to alleviate the ongoing challenges with the homeless population within Central Division.

SIGNIFICANT DEVELOPMENTS DURING FY 2017-18 (cont.):

- The North Division's Smart Policing Grant (SPI) commenced February 17, 2017. This grant provides for a team consisting of three retired annuitant Deputy Sheriffs who provide assistance with homeless outreach by providing services to our homeless population. This team works with our partners at Sacramento Steps Forward and California State University-Sacramento, Department of Social Research, who provide additional statistical information which identifies specific areas within the region the homeless tend to frequently congregate.
- North Division TerraGo Edge iPhone Application: This application was purchased and implemented to assist with the collection of real time data and surveys of homeless persons in Sacramento County.
- A Planning and Review Officer was added who assists the county in Crime Prevention Through Environmental Design (CPTED).
- The Rancho Cordova Police Department (RCPD) added the Homeless Outreach Team program (HOT). These positions are fully funded through the Rancho Cordova contract service plan.

FY 2018-19 RECOMMENDED BUDGET**SIGNIFICANT CHANGES FOR FY 2018-19:**

- The Field Support Division purchased a new records management system to replace an antiquated and unsupported system. The new system directly integrates with the Sheriff's Computer Assisted Dispatch system. During Fiscal Year 2018-19, the Sheriff's Department will roll out the new system and increase efficiency throughout the entire report, arrest, evidence collection, and prosecution lifecycle.
- The Sheriff's Department will be undertaking steps to increase the mental health treatment capacity at the Main Jail and RCCC. The Department will also be implementing ADA accommodations at both facilities. It is anticipated that these steps will involve a significant cost increase for the County.
- The Sheriff's Department has been working toward actively developing and implementing a comprehensive network of License Plate Reader (LPR) technology. This new technology has resulted in a paradigm shift as it relates to the detection, identification, and disruption of vehicle thefts in the Sacramento area, as LPRs can scan a very high number of license plates. This vastly increases the number of stolen vehicles being identified and located. As a result, the Centralized Investigations Division will be restructuring the unit responsible for fulfilling the Sacramento Area Vehicle Theft Reduction Unit (SAVTRU) funding to fully utilize the LPR technology.
- Beginning in Fiscal Year 2018-19, total revenues and total expenditures/appropriations in the Sheriff's Department will be lower than in prior fiscal years due to 2011 Realignment and Proposition 172 funding being budgeted as an interfund reimbursement rather than as revenue. 2011 Realignment funding is budgeted in Budget Unit 7440000 (2011 Realignment) and Proposition 172 funding is budgeted in Budget Unit 7460000 (Public Safety Sales Tax).

RECOMMENDED GROWTH FOR FY 2018-19:
